Vol.3

Di Salvo, Paul

From: Di Salvo, Paul
Sent: Friday, September 28, 2018 4:30 PM
To: 'Jennifer Klika'
Cc: Benbow, Gene; Eagle, Venus
Subject: EPA response letters for 12455-61, -146, -69, -18 label notifications
Attachments: 12455-61 unacceptable notification letter Sept282018.pdf; 12455-69 unacceptable notification letter Sept282018.pdf; 12455-146 unacceptable notification letter Sept282018.pdf; 12455-18 unacceptable notification letter Sept282018.pdf

Ms. Klika,

Please see the attached letters for 12455-18, 12455-61, 12455-69, and 12455-146. All four of these label notifications are unacceptable.

Please note that three of the applications each had several counts of 98-10 violations that occurred from changes to the label which were not highlighted. Please be aware that repeated violations of the written certification statement may result in the Agency reviewing your company's notification privileges.

Additionally, please note that some of the unhighlighted changes on the label notifications made your product's pests and uses more restrictive, which is able to be done via notification, however I wanted to make sure this was your intent and not a typo.

I strongly encourage you to carefully review future submissions before sending them to the Agency to ensure that the label and application changes you wish to make are accurate.

Let me know if you have any questions.

Subject: Notification per PRN 98-10 – Proposed label notification to add optional marketing claims
Product Name: Liqua-Tox II
EPA Registration Number: 12455-61
Application Date: 08/30/2018
Decision Number: 544339

Dear Ms. Klika:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10. The Registration Division (RD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the request is not acceptable for the following reasons:

1. Changes other than those specified in the cover letter and application form have been made to the label. This is in violation of the certification statement, as noted in PR Notice 98-10, 40 CFR 153.10, and 40 CFR 152.46.
2. The Agency finds the following changes, which were NOT noted in your application, were made to the label:
 - a. On pg. 1 and 4, the "First Aid" information is no longer in a box. The "First Aid" information is required to be in a box, as was on the previously approved label.
 - b. On pg. 1 and 4, the "If Inhaled" statement was removed from the "First Aid" box.
 - c. On pg. 1 and 4, the "Note to Physician or Veterinarian" information was changed.
 - d. On pg. 1, the "Net Contents" totals were removed.
 - e. On pg. 1, the "Batch Code" was removed.
 - f. On pg. 2, under the "Use Restrictions" section, "Do not sell this product in individual containers holding less than 13.44 fl. oz of bait concentrate." was removed.
 - g. On pg. 3, the "Precautionary Statements-Hazards to Humans and Domestic Animals" signal word and statements were changed.
 - h. On pg. 3, the box around "Storage and Disposal" was removed.
 - i. On pg. 4, the referral statement was changed.
3. The optional marketing claim "Farm & Ranch" is false and misleading, as this product cannot be used around the home. This claim is contrary to the Use Restrictions on pg. 2, and the statement below the product name on pg. 1 and 4 that state "Do not use in homes

or other residential settings. Do not use outdoors.”

No further processing of this application will occur. You may submit a new application addressing the deficiencies listed above for future consideration. Our records have been updated accordingly to note that this notification is unacceptable.

Please be aware that repeated violations of the written certification statement may result in the Agency reviewing your company’s notification privileges.

If you have any questions, you may contact Paul Di Salvo at 703-347-0322 or via email at disalvo.paul@epa.gov.

Sincerely,

A handwritten signature in black ink that reads "Paul D. Salvo" followed by a small flourish.

**Subject: Notification to Add Additional Marketing Statements per PR Notice 98-10
Liqua-Tox II, EPA Reg. No. 12455-61**

Dear Mr. Benbow,
Bell Laboratories, Inc. is hereby submitting a notification per PR Notice 98-10 to add additional marketing statements for Liqua-Tox II, EPA Reg. No. 12455-61.

Enclosed, please find the following documents:

- EPA Form 8570-1: Application for Pesticide (Notification)
- Previously Stamped Accepted Label for 12455-18
- PDF File of Proposed Label with Notifications highlighted in Yellow
- PDF File of Clean Label

This notification is consistent with the provisions of PR Notice 98-10 and EPA regulations at 40 CFR 152.46, and no other changes have been made to the labeling or the confidential statement of formula of this product. I understand that it is a violation of 18 U.S.C. Sec. 1001 to willfully make any false statement to EPA. I further understand that if this notification is not consistent with the terms of PR Notice 98-10 and 40 CFR 152.46, this product may be in violation of FIFRA and I may be subject to enforcement action and penalties under sections 12 and 14 of FIFRA.

If you have any questions or need any additional information, please do not hesitate to contact me at (608) 906-8259 or jklika@belllabs.com.

Sincerely,

A handwritten signature in dark ink, appearing to read "Jennifer J. Klika".

OUTER CONTAINER – COMPLETE LABEL – 8 OR MORE 1.68 FL. OZ. POUCHES

Liqua-Tox II

Do Not Use in Homes or Other Residential Settings. Do Not Use Outdoors.

A Concentrate for Preparing Liquid Baits to
Kill Norway Rats, Roof Rats, and House Mice

Mix contents of pouch with 1 quart of water.

ACTIVE INGREDIENT:

Sodium Salt of Diphacinone

(CAS #42721-99-3) 0.106%

INERT INGREDIENTS:..... 99.894%
100.000%

KEEP OUT OF REACH OF CHILDREN

CAUTION

FIRST AID

HAVE LABEL WITH YOU WHEN OBTAINING TREATMENT ADVICE

IF SWALLOWED:

- Call a poison control center, doctor, or 1-877-854-2494 immediately for treatment advice.
- Have person sip a glass of water if able to swallow.
- Do not induce vomiting unless told to do so by the poison control center or doctor.

IF ON SKIN:

- Wash with plenty of soap and water.

NOTE TO PHYSICIAN OR VETERINARIAN

If swallowed, this material may reduce the clotting ability of the blood and cause bleeding. If ingested, administer Vitamin K₁ intramuscularly or orally as indicated in bishydroxycoumarin overdoses. Repeat as necessary based on monitoring of prothrombin times.

See Back/Side Panel for additional precautionary statements.

Net Contents: 8 x 1.68 fl. oz. pouches to
50 x 1.68 fl. oz. pouches

Totals removed

Manufactured by:

Bell Laboratories, Inc.
3699 Kinsman Blvd.
Madison, WI 53704

Batla code

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

READ THIS LABEL: Read this entire label and follow all use directions and use precautions.

IMPORTANT: Do not expose children, pets, or nontarget animals to rodenticides. To help to prevent accidents:

1. Store unused product out of reach of children and pets.
2. Apply bait in locations out of reach of children, pets, domestic animals and nontarget wildlife, or in tamper-resistant bait stations. These stations must be resistant to destruction by dogs and by children under six years of age, and must be used in a manner that prevents such children from reaching into bait compartments and obtaining bait. If bait can be shaken from bait stations when they are lifted, units must be secured or otherwise immobilized. Stronger bait stations are needed in areas open to hoofed livestock, raccoons, bears, or other potentially destructive animals, or in areas prone to vandalism.
3. Dispose of product container and unused, spoiled, or unconsumed bait as specified on this label.

USE RESTRICTIONS: For indoor use only. For control of Norway rats, roof rats and house mice in industrial, commercial, agricultural, and public buildings, and similar man-made structures. May also be used in transport vehicles (ships, trains, aircraft) and in related port or terminal buildings. Do not place in areas where there is a possibility of contaminating food or surfaces that come in direct contact with food. When used in USDA-inspected facilities, this product must be applied in tamper-resistant bait stations. Do not broadcast bait.

Do Not Sell this product
SELECTION OF TREATMENT AREAS: Determine areas where rats or mice will most likely find and consume the bait. Generally, these areas are along walls, by gnawed openings, in or beside burrows, in corners and concealed places, between floors and walls, or in locations where rodents or their signs have been seen. Protect bait from rain and snow. Remove as much alternative food as possible.

MIXING DIRECTIONS: Wearing waterproof gloves, thoroughly mix contents of one 1.68 fl. oz. pouch in 1 quart (32 fluid ounces) of water.

APPLICATION DIRECTIONS:

RATS: Provide a minimum of 1 pint (16 fluid ounces) of LIQUA-TOX II diluted product in each dispenser (suitably-equipped bait station, chick fountain, or other suitable device). If infested area is large, or if rat population appears to be high, use dispensers at several locations. Space dispensers and refill them as needed to ensure that bait is exposed in all infested areas where it can be used without putting nontarget organisms at risk.

MICE: Provide 1/2-pint (8 fluid ounces) placements of LIQUA-TOX II diluted product in suitably-equipped bait stations, chick fountains, or other appropriate vessels. Place dispensers at intervals of 8 - 12 feet in all infested areas where bait can be used without putting nontarget organisms at risk.

FOLLOW-UP: Replace contaminated or spoiled product immediately. Using gloves, collect and properly dispose of dead animals and bait that is no longer needed. Continue treatments as long as target species are being controlled and nontarget species are not at risk.

changed

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Keep away from humans, domestic animals and pets. If handled, wear water-proof gloves. Wash thoroughly with soap and water after handling. Exposures during pregnancy should be avoided. Avoid contact with skin, eyes, or clothing.

ENVIRONMENTAL HAZARDS

This product is toxic to fish, birds and other wildlife. Predatory and scavenging mammals and birds might be poisoned if they feed upon animals that have eaten bait. Do not apply this product directly to water or to areas where surface water is present or to intertidal areas below the mean high water mark.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

STORAGE: Store only in original container in a cool, dry place inaccessible to children and pets. Keep containers closed and away from other chemicals.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be placed in trash or delivered to an approved waste disposal facility.

PESTICIDE CONTAINER: Nonrefillable container. Do not reuse or refill this container. Offer for recycling, if available. Dispose of empty container by placing in trash, at an approved waste disposal facility or by incineration or, if allowed by state and local authorities, by burning. If burned stay out of smoke. Call your Local Waste Agency for any questions on proper disposal.

WARRANTY: To the extent consistent with applicable law, seller makes no warranty, expressed or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risk of use and/or handling of this material when such use and/or handling is contrary to label instructions.

INNER CONTAINER – ABBREVIATED LABEL – INDIVIDUAL POUCH

Subject: CSF Amendment – To revise the Basic CSF by adding alternate suppliers of materials
Product Name: Liqua-Tox II
EPA Registration Number: 12455-61
Application Date: September 22, 2015
Decision Number: 510595

Dear Dr. Lublinkhof:

The Confidential Statement of Formula (CSF) referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

Please note that the record for this product currently contains the following CSFs:

- Basic CSF dated 09/18/15

Any CSFs other than those listed above are superseded/no longer valid. If you have any questions, please contact Gene Benbow by phone at 703-347-0235, or via email at Benbow.Gene@epa.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "Marianne Lewis".

Marianne Lewis, Acting Product Manager 07

**Subject: Amendment Request for Change/Addition of Alternate Suppliers
For Liqua-Tox II, EPA Reg. No. 12455-61**

Dear Mr. Suarez:

Bell Laboratories, Inc. is herein submitting an amendment request for source of supply changes/additions for inert ingredients used in Liqua-Tox II, EPA Reg. No. 12455-61. Alternate suppliers are listed in an attachment to the CSF. Note that the formulation has not changed and the source of active ingredient remains unchanged.

Attached, please find a completed CSF dated September 18, 2015 containing an attachment which lists the alternate suppliers.

If you have any questions or need any additional information, please do not hesitate to contact me at (608) 241-0202 Ext. 3138.

Sincerely,

A handwritten signature in black ink, appearing to read "John Lublinkhof".

John Lublinkhof, Ph.D.
